Sanokil Soap Dispensers provide a durable and hygienic method of complying with regulations for hand cleaning facilities.

These soap dispensers provide a convenient, no mess approach for your amenities. The non-clog, attractive wall mounted unit is styled to match any washroom interior.

Sanokil Soap Dispensers are specially designed for use in all washroom areas in health care facilities, schools, hotels, health rooms, clubs, hospitals, offices, restaurants, factories & commercial buildings.

- Soaps are biodegradable
- Practical, durable & user friendly design
- Comfortable push bar operation
- Regular container exchange service
- High quality soaps
