*Sanokil Vending Units are designed to be installed in washrooms. We provide installation and service for a range of easy-to-operate vending units for tampons, sanitary pads and condoms.*

Sanokil Vending Units are strong, simple mechanically operated units that are reliable for the customer and operator.

The presence of these units make a strong statement to staff and visitors that you care about their well-being. Installing a vending unit is a thoughtful gesture that gives out very positive messages.

- Vending to meet all your needs
- Units offer style and strength
- Demonstrates your commitment to your clients welfare
- Regular professional servicing
- Johnson & Johnson and Ansell products
